Engraved Sign:  
Custom engraved signs are made of black anodized aluminum and will last for years. The black anodized coating is etched away when engraved, leaving the bare metal which appears to be white. The detail, quality and contrast are evident on these signs. Look at the detail on the photos—yes that is an engraved photo! Available in 5” x 4”, 5” x 7”, 8” x 10” and 11” x 14”.  
Sign Holders sold separately (see below).

Engraved Aluminum Signs . . . . . . . . . . . by Orion Garden Marker

Part #150-232SS
Price: $7.28 for 10
Dura-Last Outdoor Signs:
Custom designed and made to **last for years**. Our signs are made of durable aluminum. In our process, the sign is baked, and the image forms a permanent bond to the metal. It’s not simply printed on the top of the sign. Depending on your weather conditions and exposure to the sun you can expect the sign to last about 5 years.

*5” x 7” #311-75DL*  
Price: $16.50

*8” x 10” #311-108DL*  
Price: $18.50

*11” x 14” #311-1114DL*  
Price: $36.50

**Black Sign Holders** are powder coated and will last for years. The faceplate tilts back slightly for easy viewing. **Use with Dura-Last signs.** To attach the sign, simply peel off the backing on the ultra high bond tape and press the sign on.

**Black Sign Holders**  
**Use these sign holders for either a 5” x 7” or 8” x 10” sign**

Dura-Last 18” Botanical Sign #311-235DL-18
Price: $8.00 each (18” stake included)

Large Dura-Last Botanical Signs:
Ideal to identify plants that require a lot of information. These large botanical signs have plenty of space for your text, photo, QR code or logo. They are 5” x 4” and the 18” stake is included.

Dura-Last Large Botanical Sign #311-5418DL
Price: $11.50 each (18” stake included)

Design and content are an important element of any sign. The sign should capture attention, inform and educate. A photo on your sign will capture attention and add interest. A QR code is a fun interactive element that takes the viewer to your webpage. The font style and size will determine how easy it is to read. Keep the sign simple and it will be easier to read.
Need some full color interpretive signs? Why not keep it simple? Select the title and size you are looking for. The design, content and photos are already done for you....how simple is that!

**Choose either 8” x 10” OR 12” x 14”**

- Ten Tips for Wildlife
- Pollinators & Plants
- Rain Garden
- Native Wildflowers
- Butterfly Life Cycle

**Benefits of Native Wildflower Gardens:**

- Most wildflowers are attractive to bees, butterflies and other beneficial insects that you want around your garden.
- Along with the beauty of native wildflowers, they are easy to grow and require little care or water.
- Select plants to provide a succession of bloom in all seasons.
- Wildflowers and other native plants give a very natural and aesthetically beautiful look to the entire landscape. Typically the flowers are clustered together which makes the garden stand out.

**Black Sign Holders (shown on page 1)**

**For 8” x 10” sign**

- 24” Black Sign Holder: #310-7524 Price: $9.75
